Greetings,

I wanted to introduce the benefits of WSET education for your organisation and the wine industry. WSET was established in 1969 for the UK wine trade and has since grown to become the global industry leader in Wine & Spirits Education. WSET qualifications are available through a network of over 40 Approved Programme Providers (APPs) in Australia and we work closely with the industry to ensure that our qualifications and education products are job-relevant to all facets of the wine industry. More information regarding WSET Qualifications can be found [here](#).

WSET now offer all levels of the WSET Award in Wine via an online platform with the exam completed by Remote invigilation, meaning location is no longer an issue and WSET courses can be undertaken anywhere in Australia that has a stable internet connection. Here is a link to our WSET Level 2 Award in Wine's 1st Online Module for you to be able to see how the online platform works for students. [WSET Level 2 Award in Wine Demo](#)

WSET also offer Custom Courses for larger groups and if you have a group that would like to undertake a WSET Qualification, please let me know and we can organise a course just for your group that could incorporate a region's wines, guest speakers and extra sessions focussing on a particular country's wines. Further information can be found in the additional document "Guide to WSET courses Brochure 2024"

If you would like to discuss this further, please give me a call or send me an email as I would be happy to talk through any questions you may have.

I appreciate your time and look forward to hearing from you,

Matt Irwin (on behalf of the WSET APAC Team)

Matt Irwin DipWSET, WSET Certified Educator
